

St Patrick's Catholic Primary School

School Sports Premium 2020 – 2021

Introduction

Following the London 2012 Olympic and Paralympic Games the Government has provided funding for schools to secure a significant and lasting legacy for the children. The aim is to develop an enjoyment of sport and physical activity, including swimming (Y4-Y6) and to promote a healthy lifestyle in children from an early age.

The funding provided is calculated by the number of primary aged children between the ages of 5 and 11 years.

St Patrick's have allocated £ 24,521 for 2020-2021, which includes a small carry forward from last year.

This funding is ring-fenced and therefore can only be spent on provision of P.E. and sport in schools.

We hope that the opportunities we are offering our children will encourage a healthy and active lifestyle which will last with them into adulthood. At St. Patrick's Catholic Primary School we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside strong cultural opportunities, go hand in hand with academic standards.

Aims for our School Sports Premium (when COVID RESTRICTIONS ALLOW)

- For all children to enjoy and benefit from high quality P.E. opportunities regardless of sporting ability.
- **Some activities may be subsidised so that pupils do not miss out due to financial constraints.**
- To ensure the most able children are given the opportunity to compete in tournaments **with other schools.**
- **For children to have the opportunity to participate in out of school hours sports activities.**
- For staff to have access to training opportunities and professional development to deliver high quality Physical Education to our children.

At St Patrick's we will be using the additional funding to improve our provision of P.E. and sport in a variety of ways.

	Activities	Cost	Intended outcomes
Sports Collective	Make use of the many opportunities offered by joining the Sports Collective.	£3,450 During COVID access to live events is restricted, competitions, specialist coaching/dancing opportunities are virtual, in school bubbles until restrictions are lifted	Access to specialist coaching for children. Support and involve children who are less active to take part in an activity to promote a healthier lifestyle choice

The impact of our Sports Premium funding in 2019 – 2020.

In 2019 – 2020, our Sports Premium funding was £23,632, which included a small carry forward. We evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and pupil questionnaire. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of. Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school.

Assessments are made both formally and informally using our school assessment systems as well as feedback from staff, governors and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE.

Due to COVID, access to sports coaching, clubs and events was restricted as the school was locked down from March. The online work and links shared with families included PE activities, for example Joe Wicks, Supermovers (Maths), The Big Dance (by the Sports Collective) and Just Dance.

Sports clubs were offered every morning and two evenings, the sports coach worked with all children across the school during the school day as well as at lunchtime – until lockdown. All pupils from Year 1 to Year 6 were offered a sports club , Irish Dancing was open to children from Year 1 upwards.

Below is an outline of our use of the Sports Premium Funding to date and its impact on our school and pupils;

We employed a specialist sports coach to work alongside teachers in the delivery of the PE curriculum. This had an impact on:

- on the quality of learning as pupils are being taught skills in a more systematic way. The expertise of the coach has enabled us to take part in a wide range of competitions, including football, netball, athletics.
- A wider range of sports clubs were made available for pupils from Y2-Y6. Participation levels increased.
- Year 3, 4, 5 and 6 took part in the Champion Cross Country competition.
- Years 3, 4, 5 and 6 took part in the quad kids competition and were placed very highly in the Local Authority
- Year 5 and 6 took part in the Borough High 5 netball tournament.
- Year 5 and 6 took part in several basketball competitions.
- Year 2 children took part in the local football competition.
- Junior boys and girls participated in football competitions
- Year 3, 4, 5 & 6 participated in orienteering competitions.
- All children had the opportunity of taking part in The Big Dance – from home and for those in school in the summer term.
